Description

In charge of the Guild's Special Section charged to deal with the Neverborn threat, the Ortega family are expert marksmen and any threat to the civilians of Malifaux will be met by a bullet if they are in the area. An easy crew to play, the Latigo Posse can inflict severe damage at range, careful about melee as, for most models, the damage is less impressive when they get engaged in close combat. Of course, there's always the option to send Papa Loco play with dynamite and explode in the enemy's ranks.
