Description
Skorne: Cyclops Raider

Contains one unassembled and unpainted model.

The cyclops raider is a terrifying sight—an eight-foot-tall brute capable of unleashing torrents of razor-sharp steel. The few who survive the excruciating hail of the raider's heavy reiver are dispatched by crushing blows of its spiked gauntlets. The raider's proficiency at arms is greatly enhanced by its natural prescient abilities. It can train its weapon on even the best-hidden enemies and annihilate them in a burst of fire before they have time to react.
