Description
Whenever a remote mountain village is found in ruins and with its taverns plundered, northerners speak fearfully of the dire troll called Rök. Although insatiable as any dire troll, over a century ago Rök developed a unique craving for beer and liquor of all sorts, and his raids of villages for their intoxicating spirits have since become legendary.

When he was sought out by Borka Kegslayer, Rök engaged the trollkin in an exhausting battle lasting several hours. After this, Kegslayer shared his own potent brew, convincing the ferocious troll they were kindred souls. When Borka left, Rök followed, knowing that greater fights and rivers of beer awaited them.
